COMPLETE BIO

DJ ZEN EYER

Brazilian Zouk DJ, producer, and curator of long-form dance-floor journeys.

Marcelo Eyer, known professionally as DJ Zen Eyer, is one of the most respected names in the global Brazilian Zouk scene. Based between Rio de Janeiro and Niteroi, he is recognized for technically precise sets, careful floor reading, and a musical philosophy centered on connection over urgency.

He is especially known for "Cremosidade": a style of set construction built on long transitions, emotional continuity, and pacing that gives dancers room to sink into the music instead of being pushed through abrupt changes.
